

DESCRIPTION

The SOS-PRO 595 is an additional SOS pendant only compatible with DECT phones from the 595 range. It allows you to receive incoming calls and to converse without the need of using your phone's handset. Two one-touch memories (M1+M2) let you call two people you regularly need to talk to. Thanks to the SOS-PRO 595, you will also be able to place an emergency call.

SOS-PRO 595 CHARACTERISTICS

- 5 buttons on the pendant:
 - Volume +
 - Volume -
 - 2 one-touch memories
 - 1 SOS / Accept incoming call button
- SOS button:
 - Possibility of placing emergency calls to 4 numbers
 - Customisable emergency voice message.
 - 4 languages available: English, French, German, Dutch
- Adjustable ringer volume
