OilScent

Aroma therapy for a pleasant indoor environment

The **LumoScent** humidifier creates a pleasant indoor environment. It cleans the air, binds house dust and germs. With the addition of **OilScent** aroma therapy oils, you increase the wellbeing room climate. The subtle scent in your home creates a sense of wellbeing and will also be noticed by your guests. We recommend the scents of:

- Sweet Orange
- Rose
- Lemon
- Jasmine
- Lemongrass

OilScent

Aroma therapy for a healthy sleep

The **LumoScent** humidifier and the sleeping light promote a pleasant sleeping environment. By adding **OilScent** aroma-therapy oils, which are particularly suitable for healthy sleep, you facilitate falling asleep and healthy sleep. The essential oils have a calming, relaxing, sleep-promoting effect through the release of melatonin. For this purpose, we recommend the scents of:

- Lavender
- Chamomile
- Ylang Ylang
- Bergamot
